PLEDGE CARD
Each player reads this card aloud before starting a game.

5. Optional 4 chilli cards.

BLINDFOLD

Pledge cards are read aloud by each player, before you start the first game.

Question and Answer, Would you Rather and **True or False** cards require a response and often the more detailed the more places forward. Cards are split into 1, 2 and 3 chilli card types covering General, Relationship and Sex topics.

Touch and Trust. One player wears the blindfold and they have to guess what the other player is rubbing up and down their arm.

Name if Game (4 chilli) cards are tasteful but more graphical and only for the very game! Mix these into the decks, swap out the 3 chilli cards, or leave the 4 chilli cards for future games or never.

The Game Board starts at #1 and even if you lose points and have to go backwards, it can't be before the START.

The Winner is the player whose marker first reaches the FINISH. They draw 5 **Perform or Pamper** cards, read them and selects 1 for themselves and 1 for the other player while the other player gives them a 1 minute massage. Record the card in writing, memory or a photo and the task must be completed within 14 days OR they have to pamper you in whatever reasonable way you want.

VARIATIONS

Modify the game. It's your experience so change it if you want e.g. only play the 1 chilli cards for an easier game with someone, OR only play the 2 and 3 chilli cards for something harder but faster. You may want to remove certain cards on topics that don't interest you, or every time someone gets zero points they have a drink or put \$5 towards dinner. It's totally up to you and if something works well, please let us know as we want to keep improving too.

Two couples can play. Couple 1 Player 1 is the first questioner, Couple 1 Player 2 answers and moves their couple marker the places earned on the board. Couple 2 does the same for their turn and moves their marker. Couple 1 now swap questioner and answerer, earn places and moves their marker on the board. Continue until the first couples marker crosses the finish. The winning couple receives a 1 minute massage from the other couple. 10 Perform or Pamper cards are chosen overall, and each person chooses 1 for themselves to complete over the next 14 days.

Groups of players and also teenagers will have their chance with the Expansion Pack games planned for launch later, with added group questions and challenges. Register your interest on our website to be the first to play plus early bird pricing.
